

## AQUATIC HABITAT GUIDELINES TRAINING REGISTRATION

### Design of Road Culverts for Fish Passage

Class size limit: To be determined

### Integrated Streambank Protection Guidelines (ISPG)

Class size limit: 30

**Target Audience:** managers of aquatic restoration projects, volunteer groups, local and state agencies, tribal governments, developers, planners, design engineers, landowners, and others.

**Course Instructors:** Various principal authors and reviewers of the documents depending on course location.

**Dates:** (Exact times and locations will be emailed to you with your confirmation)

Design of Road Culverts For Fish Passage		Integrated Streambank Protection Guidelines	
Olympia	March 2	Olympia	March 3-4
Everett	March 23	Everett	March 24-25
Spokane	April 20	Spokane	April 21-22
Vancouver	May 11	Vancouver	May 12-13
Port Angeles	May 25	Port Angeles	May 26-27
Yakima	June 8	Yakima	June 9-10

Day 1 (Culvert) Classroom, Day 2 (ISPG) Classroom, Day 3 (ISPG) Field trip.

**Cost:** \$40.00 for required course text *Integrated Streambank Protection Guidelines*. Payment is due following course confirmation. **The charge is waived if you have previously received a copy of ISPG.** There is no charge for the *Design of Road Culverts for Fish Passage* class. Course supplies other than meals, transportation, and lodging to be provided. 30-day advance registration is required.

*Integrated Streambank Protection Guidelines* (ISPG) 2003 contains information on topics such as mechanisms and causes of streambank failure, project and environmental risk, mitigation, and site and reach based assessments. ISPG provides guidance in selecting suitable solutions for streambank protection.

*Design of Road Culverts for Fish Passage* 2003, provides information on new culvert construction, retrofitting or replacing existing culverts, habitat issues at road crossings, measuring channel width, adjustments to channel profile and sample plans. The training introduces these concepts but does not constitute a complete course in culvert design.

These guidelines can be viewed on Washington Department of Fish and Wildlife's website <http://wdfw.wa.gov/hab/ahg/ahguides.htm>
